

WASHINGTON- Congressman Terry (R-NE) will return to Washington, D.C. on Thursday, August 7th to continue to push House Speaker Nancy Pelosi to reconvene the House and allow a vote on a comprehensive energy plan Nebraskans and all of America deserves.

"I along with dozens of other members of Congress have used every possible avenue to get an energy plan to the floor, unfortunately it hasn't happened. I am extremely concerned about our country's dependence on foreign sources of oil that is strangling family budgets as we continue to pay close to \$4 a gallon for gas. I will continue to stand up for all Nebraskans in demanding real energy solutions for America," said Congressman Terry.

Congressman Terry (R-NE also has an Energy Relief Rally' planned for Tuesday, August 5th at 5:30pm on the southwest corner of 120th & Center.

The public is encouraged to attend the rally to hear Congressman Terry explain his 'American Made Energy' plan and demand Speaker Nancy Pelosi bring meaningful energy solutions to the floor for discussion and vote.

Congressman Terry is calling on all Nebraskans to help send a strong and decisive message that we need a responsible energy plan now by saving their gas receipts for the month of August. Congressman Terry will personally deliver the receipts to Speaker Pelosi in September and demand she schedule a vote on a comprehensive energy plan immediately.

Please bring your receipts to the rally or drop them off at the District Office located at 11717 Burt Street, Suite 106 in Omaha, NE 68154.
